### ENERGY SAVING CONTROL OPTIONS

Description	Code
Weather compensation control	2359259
Use RC05 when fitting weather compensation control	405

Further information on these controls can be found in the Vokèra Intelligent controls brochure.

SEDBUK 'B' rated.

Standard Vokèra pipework layout enables trouble-free replacement of older Vokèra models.

Anti-cycling control prevents energy wasteful on/off cycling and reduces wear and tear.

Built-in frost protection, protects the appliance from damage during periods of cold weather.

Versatile flueing options enable the boiler to be sited almost anywhere in the home.

Cleanly styled, Italian designed casing blends easily into any setting.

Plated heat exchanger reduces the risk of scaling and comes with 5-year anti-scale warranty.

Equipped with the Vokèra patented Seasonal Advanced Regulation Action (S.A.R.A). This feature automatically manages the Central Heating output temperature depending on the required level of comfort.

Built-in mechanical clock.

Attach the outside weather compensation control to maximise energy efficiency (Use the RC05 external control to fit the outside weather compensating control).

Can be converted to LPG with LPG Kit.

### COMPACT HE CONTROL PANEL

Vokèra is a licensed member of the Benchmark scheme which aims to improve the standards of installation and commissioning of domestic hot water systems in the UK.
